

**REMARKS**

The Office allowed this application in the Notice of Allowance mailed October 2, 2006. The issue fee has not been paid.

Subsequent to the receipt of the Notice of Allowance, Applicants noted that dependent claim 9 did not recite certain species disclosed in the specification on pages 9-11 that are within the scope of the compound of formula (I) recited in independent claim 1. Because of an oversight, these species were not presented earlier. Each of the species is fully supported in the disclosure, in particular, at page 9, line 22 to page 11, line 2. Applicants respectfully submit that the newly presented species do not require an additional search and do not raise new issues because each of the species is encompassed within the genus of allowed claim 1. Therefore, Applicants respectfully request that this Amendment be entered and the requested changes made.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
